

## Namonkar ST

### Namonkar ST

Namonkar ST is extruded from a soft and flexible elastomer. It offers excellent abrasion resistance, kink resistance with good strength and flexibility. It generally resists many solvents, oils, concentrated acids diluted sodium hydroxide, being no tainting of the product is very important and ideal in medical field, food and the dairy industry.

### Application

It can be not only widely used for liquid and air transmission in medical and food industrial, but also for insulation protection in household appliance, industrial appliance etc.
